RESPONSE TO RESTRICTION REQUIREMENT

Sir:

In response to the restriction requirement under 35 U.S.C. 121 dated June 28, 2007, the Applicant elects to initially pursue and have examined claims 1-3 with traverse.

Applicant submits that Inventions I and II as defined in the restriction requirement are related. The limitations in each set of claims are similar. Both sets of claims are related to mobile telephone devices, mobile telephone networks, initiating conference calls, recording conference calls, and making the conference call available to non-participants of the conference call. Accordingly, there would be no burden on the Examiner to search the limitations in both sets of claims.

Applicant respectfully requests that this restriction requirement be withdrawn and that all claims 1-6 be examined.

Respectfully submitted,

Date: <u>July 18, 2007</u>
